

How many refunds has your hotel issued due to another guest's loudness?

NoiseAware

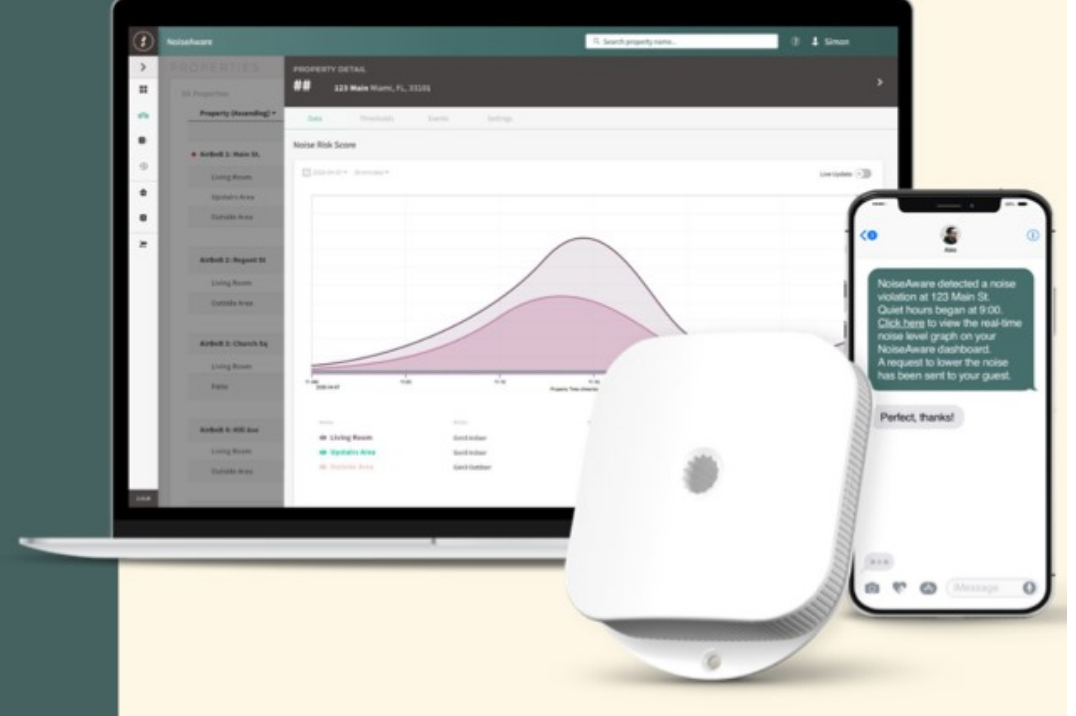

NoiseAware #1 Automated Noise Intervention Service for Hospitality Spaces

We're a simple solution to keeping the peace.

We take care of a noise problem so you never have to.

Every room is protected and every guests can enjoy their stay, while respecting your quiet hours.

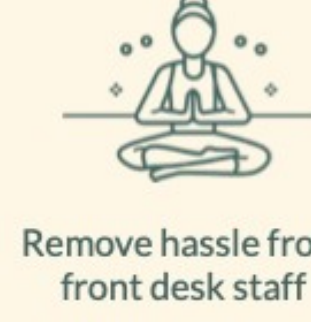

We're the only privacy-safe solution proven to prevent and resolve noise problems.

The hotel industry's first noise intervention service to keep your guests happy

NoiseAware's Good Guest Guarantee

gives confidence to everyone the hotel is peaceful everyday

How it Works

95% of noise events resolved within 30 mins, remotely without staff involvement

Monitor
Scalable across your portfolio with data at your fingertips for every room

Automated Intervention
Define quiet hours for your hotel by volume AND time of day. NoiseAware will automatically detect disturbances.

Resolve
Robust reporting tools make it quick and easy to hold guests accountable and fight chargebacks when enforcing fees.

75%

of guests don't complain when disturbed by a neighboring guest

86% of people are less likely to recommend a hotel if they had a bad noise-related experience.

And many of these turn into bad ratings and reviews

Give your guests the restful and peaceful sleep they deserve and keep them returning
